

QUALITY POLICY STATEMENT

Codix Bio Ltd is a manufacturer of In-Vitro Diagnostic (IVDs) Medical Devices and we are committed to ensuring that Rapid Diagnostic Test (RDTs) manufactured in our factory are safe, of dependable quality, and made to address the neglected tropical diseases prevalent in our locality and region.

As a manufacturer, we understand the importance of reducing any negative impact of our activities on the environment, and we strive to make a positive contribution in reducing it and support our staff to do the same, to ensure a sustainable future for the community in which we operate.

In our aspiration to be the go-to company for quality In-vitro Diagnostic Medical Devices, and to shape the medical devices manufacturing landscape in Nigeria and Africa, we will commit to our:

Shareholders by

- Partnering with a global In-Vitro Diagnostic manufacturing company with the right technological know-how and material to manufacture high quality IVDs which will ensure early and accurate detection of diseases.
- Operate a quality management system that conforms to the requirements of NAFDAC GMP and ISO 13485:2016.

Customers by

- Making our products affordable to enable access to the larger population.
- Consistently enhancing customer satisfaction by producing products of the highest level of quality on time and at a competitive price and ensuring timely delivery.

Interested Parties by

- Meeting the requirements of our regulators and statutory bodies.
- Continuous engagement with other stakeholder groups [shareholders, employees, customers etc.] on our corporate activities in line with achieving our vision and mission.

Employees by

- Creating and promoting an exciting and rewarding work environment that motivates members of staff and fosters Teamwork.
- Engage the right people (irrespective of gender, race, and tribe) who will act with integrity, be dynamic, and maintain high ethical standards, and equip them with adequate tools to thrive.

The Top Management of Codix Bio is committed to this quality policy and to ensuring continual improvement to the quality management system.

This policy will be reviewed periodically for continued applicability.
